**ADMINISTRATION AND REGULATION OF AFFORDABLE DWELLING UNIT  
DEVELOPMENTS**

Section 7-100 Affordable Dwelling Unit Developments.

7-101 Purpose. The Affordable Dwelling Unit Program is established to assist in the provision of housing to persons of moderate income by (a) promoting the development of a full range of housing choices, and (b) requiring the construction and continued existence of dwelling units which are affordable for purchase by households whose income is greater than thirty percent (30%) and less than seventy percent (70%) and affordable for rental by households whose income is greater than thirty percent (30%) and less than fifty percent (50%) of the median income for the Washington Primary Metropolitan Statistical Area (PMSA). "Affordable Dwelling Units" shall be defined as those units for which the rental and/or sales price is regulated pursuant to the provisions contained in this Article, as adopted by the Board of Supervisors. All affordable dwelling units shall comply with the following provisions and the urban residential district regulations for Affordable Dwelling Unit Developments contained in Sections 7-200 through 7-1100 of this Ordinance and Chapter 1450 of the Loudoun County Codified Ordinance.

7-102 Applicability.

(A) The requirements of the Affordable Dwelling Unit Program shall apply to any site, or portion thereof, at one location which is (a) served by public water and sewer, and (b) the subject of an application for rezoning, special exception, or preliminary subdivision which yields, as submitted by the applicant, fifty (50) or more dwelling units at an equivalent density greater than one unit per gross acre.

(1) For the purposes of this Ordinance, "site or portion thereof, at one location" shall include all adjacent undeveloped land of the property owner and/or applicant, under common ownership and/or control of the owner and/or applicant, including, but not limited to, land owned and/or controlled by separate partnerships, land trusts, or corporations in which the owner and/or applicant (to include members of the

owner's and/or applicant's immediate family) is an owner of one (1) percent or more of the stock, and other such forms of business entities. Adjacent parcels of undeveloped land owned by separate members of the same family shall be exempt from the provisions of this section when such separate ownership has existed for a period of no less than five (5) years.

- (2) Immediate family members shall include the owner's and/or applicant's spouse, children, parents and siblings.
  - (3) In instances where a lending institution, such as pension fund, bank, savings and loan, insurance company or similar entity has acquired, or acquires, an equity interest solely by virtue of its agreement to provide financing, such equity interest shall not constitute ownership and shall not be considered in making determinations of applicability. However, the acquisition of a fee interest by such lending institution due to foreclosure or project participation shall be considered as ownership in making determinations of applicability.
  - (4) Removed pursuant to ZOAM 1993-0002.
- (B) Any request for a Concept Development Plan (CDP) Amendment involving the rezoning of land within a mixed use planned development district, or zoning amendment which requires a rezoning plat, that results in an increase in the total number of residential units shall be subject to this Ordinance. However, application of the provisions of this Article shall be limited to the increase in the total number of residential units, provided that the overall density of the project results in fifty (50) or more units at a density of greater than one (1) unit per acre.
- (C) An owner and/or applicant shall not be exempt from the requirements of this Ordinance by submitting phased applications for rezoning, special exception, or preliminary subdivision for less than fifty (50) dwelling units at any one time. An owner and/or applicant may submit an application for rezoning, special exception, or preliminary subdivision for less than fifty (50) units if the applicant agrees, in writing, that the next application or submission for the subject site, or portion thereof, shall meet the requirements of this Ordinance when the total number of dwelling units in the subject development has reached fifty (50) units or more. This statement shall be included on the approved concept development plan, rezoning plat, special exception, or preliminary

subdivision plat. Such statement shall be recorded among the Loudoun County land records and shall be indexed in the names of all owners of the site, or portion thereof, as such terms are defined above.

- (D) The requirements of this Article shall not apply to the following:
- (1) Any multiple family dwelling unit structure with four (4) stories or more and having an elevator.
  - (2) Special exception or preliminary subdivision applications filed in accordance with an approved Rezoning which has proffered the provision of affordable dwelling units or other contributions toward the provision of affordable dwelling units prior to the effective date of this Ordinance.
  - (3) Proffer amendment, concept development plan amendment, preliminary subdivision amendment and special exception amendment applications filed after the effective date of this Ordinance which deal exclusively with issues of building relocation, site access, stormwater drainage, or other engineering or public facility issues, or the preservation of historic structures, wetlands, child care facilities, or changes in the size of units, a reduction in the number of units, or which request the addition of a non-residential special exception use.
  - (4) Properties subject to proffers accepted by the Board of Supervisors, pursuant to Section 15.2-2303 of the Code of Virginia, prior to the effective date of this Ordinance.
  - (5) Any request for a Concept Development Plan (CDP) Amendment or zoning amendment which involves the rezoning of land within a mixed use planned development district in order to redistribute existing units to the newly zoned property within the same development, but which does not result in an increase in the total number of residential units.
  - (6) Any request for a rezoning plat amendment or zoning amendment which involves the rezoning of land within a non-planned development district in order to redistribute existing units to the newly

zoned property within the same development, but which does not result in an increase in the total number of residential units.

- (E) At the applicant's discretion, the provisions of this Article and individual district regulations for affordable dwelling unit developments may be applied to developments which are exempt from these provisions, as stated in Section 7-102(D). In the event that an applicant proposes to provide affordable dwelling units in a development which is otherwise exempt, the County shall waive any application fee associated with a Concept Development Plan Amendment proposing to change the Concept Development Plan only in order to provide affordable dwelling units. County review of such applications shall not exceed 180 days.

7-103 Affordable Dwelling Unit Density Adjustments.

(A) Single Family Detached Units.

- (1) For rezoning, special exception, and preliminary subdivision applications officially accepted after the effective date of this Ordinance which request approval of single family detached dwelling units only, the proposed density shall reflect an increase of ten percent (10%), including the required number of affordable dwelling units, unless such figure is modified pursuant to the provisions of Section 7-108 or the applicant chooses to provide cash in lieu of providing the units pursuant to Section 7-103(A)(3). In the event such increase exceeds the upper density limit set forth in the Comprehensive Plan, then the upper density limit set forth in the Comprehensive Plan applicable to the subject property shall be increased up to ten percent (10%) for the purposes of calculating the potential density which may be approved by the Board of Supervisors.
- (2) In the event that a ten percent (10%) density increase is approved pursuant to Section 7-103(A)(1) above, not less than six and one quarter percent (6.25%) of the total number of dwelling units approved for the subject development shall be affordable dwelling units, for which the

rental and/or sales price will be controlled pursuant to this Article.

- (3) At the option of the applicant, in any request for rezoning, special exception, or preliminary subdivision (by right) which contain only single family detached units, cash may be provided in lieu of the units. Such cash must be paid prior to the first zoning permit. In the event that an applicant opts to make such cash payment, the following criteria shall apply:

- (a) The cash formula of Section 7-108(E) shall apply.
- (b) The decision to pay cash in lieu of providing the units has to be made at the time of approval of rezoning, special exception or preliminary subdivision (by right), as applicable.
- (c) No bonus density is to be granted for a development, when an applicant opts to provide cash in lieu of units.
- (d) The district regulations of Article VII shall not apply to a development when an applicant opts to provide cash in lieu of units.

- (B) Single Family Attached or Multi-Family Dwelling Units.

- (1) For rezoning, special exception, and preliminary subdivision applications officially accepted after the effective date of this Ordinance which request approval of single family attached dwelling units, non-elevator, multi-family dwelling unit structures, or mixed use development which includes single family attached and/or multi-family, the proposed density shall reflect an increase of ten percent (10%), including the required number of affordable units, unless such figure is modified pursuant to the provisions of Section 7-108. In the event such increase exceeds the upper density limit set forth in the

Comprehensive Plan, then the upper density limit set forth in the Comprehensive Plan applicable to the subject property shall be increased up to ten percent (10%) for the purposes of calculating the potential density which may be approved by the Board of Supervisors.

(2) In the event that a ten percent (10%) density increase is approved pursuant to Section 7-103(B)(1) above, not less than six and one-quarter percent (6.25%) of the total number of dwelling units approved for the subject development shall be affordable dwelling units, for which the rental and/or sales price will be controlled pursuant to this Article.

(3) Removed pursuant to ZOAM 2000-0002.

(C) In the case where affordable dwelling units are provided pursuant to Section 7-102(E) above, the affordable dwelling unit to bonus density increase ratio required by Sections 7-103(A) and (B) does not apply. The density of a development subject to voluntary provision of affordable dwelling units which is otherwise exempt, may be increased up to ten percent (10%). In the event that a ten percent (10%) density increase is approved pursuant this Section, not less than six and one-quarter percent (6.25%) of the total density bonus units approved for the subject development shall be affordable dwelling units, for which the rental and/or sales price will be controlled pursuant to this Article.

#### 7-104 Designation of Affordable Units on Plats.

(A) Approved site plans and/or record subdivision plats shall identify the specific number of for-sale units and/or percentage of units for rent which are to be regulated as affordable units pursuant to this Article.

(1) All plans or plats for developments containing affordable dwelling for-sale units shall identify specific units which are for sale or the percentage of units for rent under the affordable guidelines in this Article.

- (2) All site plans for developments containing affordable dwelling rental units shall include information concerning the number of each type of unit, by bedroom count, which shall be maintained as affordable.
- (B) Specifications regarding dwelling dimensions and the number of bedrooms in all affordable units shall meet the requirements established by the Affordable Dwelling Unit Advisory Board pursuant to the Codified Ordinance. In general, dwelling dimensions and the number of bedrooms in an affordable multi-family unit shall be comparable to equivalent market rate units on the subject parcel.
- (C) Affordable dwelling units shall be of a building type and of an architectural style compatible with residential units permitted within the zoning district in which they are located and interspersed among market rate units in the proposed development.

7-105 Review of site or subdivision plans within 90 days. The County shall process final site plans, preliminary subdivisions or record subdivision plats proposing the development or construction of affordable dwelling units within ninety (90) days from the receipt thereof, provided that such plans and plats substantially comply with all ordinance requirements when submitted. The calculation of the review period shall include only that time the plans or plats are under County review and shall not include such time as may be required for revisions or modifications in order to comply with ordinance requirements.

7-106 Timing of Construction/Availability of Affordable Units. In a development which contains single family detached, single family attached, or multi-family lots or units, occupancy permits for no more than fifty percent (50%) of the market rate dwelling units shall be issued prior to the issuance of occupancy permits for fifty percent (50%) of the affordable dwelling units. Occupancy permits for no more than seventy-five percent (75%) of the market rate dwelling units shall be issued until occupancy permits have been issued for one hundred percent (100%) of the affordable dwelling units for the development.

7-107 Administration and Regulation. The administration and regulation, establishment of unit prices, price controls, eligibility requirements, and the structure and operation of the Affordable Dwelling Unit Advisory Board are governed by the Codified Ordinance of Loudoun County.

7-108 Modifications.

(A) Modifications to the requirements of Sections 7-103 and 7-106 of the Affordable Dwelling Unit Program shall be allowed concurrently with applications for a rezoning, special exception, or preliminary subdivision, upon a finding by the Board of Supervisors, upon recommendation of the Planning Commission, that the proposed alternative will achieve the objective of providing a broad range of housing opportunities throughout Loudoun County. In the event that a modification to Section 7-103 is requested:

(1) The ratio of affordable units proposed to the total density increase approved shall be no less than 6.25:10%; and

(2) The total affordable units proposed shall be no less than two and one-half percent (2.5%) of the total number of residential units within the project.

(B) In reviewing a request for modification to Section 7-103, consideration shall be given to the following:

(1) The number of affordable units, low-cost housing, manufactured housing and other similar type housing that exists, or are to be provided, within two (2) miles of the site and within Loudoun County.

(2) Public facilities and services already developed for the overall development capacity to accommodate the maximum density increase permitted for provision of affordable dwelling units.

(3) Existing unique, or unusual site constraints including, but not limited to, potential adverse impacts on environmental resources and features on

the subject parcel and adjacent parcels,  
and difficult soil conditions.

- (4) Unusual costs associated with development of the subject property.
  - (5) Overriding public needs, health issues, public safety issues, or public welfare issues which are better served by not providing the maximum number of affordable units otherwise required.
  - (6) In the case of a request for a Concept Development Plan Amendment, consideration shall also be given to whether the amendment would result in a reduction in the previously approved rezoning's impact on public facilities and whether the existing proffer commitments for the previously approved rezoning exceed current adopted capital facility guidelines established in the County's comprehensive plan.
- (C) In conjunction with Section 7-108(A) above requesting such modifications, the Board of Supervisors may permit an applicant to request a modification to this ordinance so as to allow them to provide any combination of affordable dwelling units, land or contributions to Loudoun County equivalent to providing the required number of affordable dwelling units.
- (D) Requests for modifications to the requirements of the Affordable Dwelling Unit Program, as applied to a given development, shall be submitted in conjunction with the application for rezoning, concept development plan amendment, proffer amendment, special exception, or preliminary subdivision, as applicable. The applicant shall provide a justification for such request. The Affordable Dwelling Unit Advisory Board shall review requests for modifications and make its recommendation within sixty (60) days of receipt of a complete application.
- (E) Cash contributions made pursuant to Section 7-108(C) and 7-103(A) shall be calculated according to the following formula:

Construction Price  
of Prototypical ADU x .25 x # of ADU lots  
required = cash contribution  
.75

- (F) All cash, or the value of land contributions made pursuant to Sections 7-103(A) and 7-108(C) shall be calculated in terms of current dollars, adjusted by the CPI, at the time the actual contribution is officially transferred to the County, and paid prior to the issuance of the first zoning permit unless another time is approved by the Board of Supervisors at the time the modification is approved. Funds collected shall be placed in the Loudoun County Housing Trust Fund.

- (G) The time limits set forth in Section 15.2-2259 and 15.2-2260 of the Virginia Code shall be suspended during the pendency of an application filed pursuant to Section 7-108.

- (B) A development which provides, pursuant to Federal, State, or other local programs, a fewer number of affordable dwelling units than required under Section 7-103 above, subject to terms and restrictions equivalent to the requirements of this Article, shall provide the additional number of affordable dwelling units necessary to make up the shortage.
- (C) The rents and sales prices for affordable dwelling units provided pursuant to Federal, State, or other local programs shall be in accordance with the rules and regulations governing such programs and these units shall be marketed in accordance with such rules and regulations, provided rents and sale prices shall not exceed those set pursuant to this Article.

7-110 Violations and Penalties. - (A) Owners of affordable dwelling units who shall fail to submit executed affidavits or certifications, as required by this Article, shall be fined fifty (50) dollars per day per unit, up to a maximum of three thousand (3000) dollars per unit, until such affidavit or certificate is filed, but only after written

7-111 Enforcement and Court Appeals.

- (A) The Zoning Administrator shall administer and enforce the provisions of the Affordable Dwelling Unit Program.
- (B) Notwithstanding the provisions of Section 15.2-2311 of the Virginia Code, any person aggrieved by a decision of the Zoning Administrator or by the Affordable Dwelling Unit Advisory Board, in the case of a decision made by the latter regarding an appeal of affordable dwelling unit for-sale or rental prices, or by any decision made by an administrative officer in the administration or enforcement of the Affordable Dwelling Unit Program, may appeal such decision to the Loudoun County Board of Zoning Appeals by filing a petition of appeal which specifies the grounds upon which aggrieved within thirty (30) days from the date of the decision.
